"A world that is both absorbing on a human level and full of magical sublimity...a wonderfully grand conception...splendidly written...fiendishly readable." (ADAM ROBERTS)

"Erikson's strengths are his grown up characters and his ability to create a world every bit as intricate and messy as our own." (J. V. JONES)

"Rare is the writer who so fluidly combines a sense of mythic power and depth of world, with fully realized characters and thrilling action, but Steven Erikson manages it spectacularly." (MICHAEL A STACKPOLE)

Présentation de l'éditeur

Bled dry by interminable warfare, infighting and bloody confrontations with Anomander Rake, Son of Darkness, the Malazan Empire simmers with discontent. Its legions yearn for some respite from the chaos and killing. For Sergeant Whiskeyjack and his Bridgeburners, and Tattersail - the lone surviving sorceress of the Second Legion - the aftermath of the siege of Pale should have been a time to draw breath and mourn the dead. But Empress Laseen's gaze has moved on and fallen upon the ancient citadel of Darujhistan. The last of the Free Cities of Genabackis, it proclaims its defiance and still holds out against her. However the empire is not alone in this great and bloody game. Sinister forces are gathering, and it would seem that the gods themselves are preparing to play their hand...*Gardens of the Moon* is the defining opening chapter in what has been hailed a landmark of epic fantasy - Steven Erikson's awesome, multi-volume sequence, 'The Malazan Book of the Fallen'. Quatrième de couverture

**The opening chapter in Steven Erikson's fantasy masterpiece...**

The Malazan empire simmers with discontent, bled dry by interminable warfare, infighting and bloody confrontations with Anomander Rake, Lord of Moon's Spawn, and his Tiste Andii. Even the imperial legions yearn for some respite. Yet Empress Laseen's rule - enforced by her feared Claw assassins - remains absolute.

For Sergeant Whiskeyjack and his squad of Bridgeburners, and for Tattersail, surviving sorceress of the Second Legion, the aftermath of the siege of Pale should have been a time to pause, to mourn the many dead. But the imperial gaze has fallen upon the ancient citadel of Darujhistan. This, the last of the Free Cities of Genabackis, yet dares to hold out.

However, the empire is not alone in this great game. Sinister, shadowbound forces gather as the gods themselves prepare to play their hand...
